Care; Non-students; Health  
Center; Emergent

### I. Purpose and Scope

University Health and Counseling Services (UHCS) has been established, and receives funding exclusively for the care of students at Northeastern University. As healthcare providers, staff are obligated to provide emergent, stabilizing care to those who sustain serious injury or have life threatening illness while onsite at the health center but will arrange transfer to the appropriate level of care as soon as possible.

### II. Definitions

N/A

### III. Policy

While it is the policy of UHCS to provide a full range of primary care to Northeastern University students, people who are not Northeastern University students will receive care only in emergent circumstances. In such circumstances, UHCS healthcare providers will provide emergent, stabilizing care, consistent with their scope of practice, and will arrange for transfer to the appropriate level of care as soon as possible.

### IV. Additional Information

N/A
